Where am I now?
This is a very big forest.
My crown is still here.
My sword is safe too.
Oak? Finn?
I am alone.

These leaves are taller than me.
I should check the ground.
What made this footprint?
It is much bigger than my foot.
There is another one.
Something big walked here.

I need a safe place first.
This stone is dry.
A little food is enough.
I must save my magic.
Rest, then look for a path.
My old map ends here.

Did you hear that?
The branches are moving.
That is not a dragon.
A dinosaur...
This must be another world.
I should stay out of its way.

I cannot wait here forever.
The higher path looks dry.
First, find water.
Then find a way home.
I will find a way.
One step at a time.

My friends are waiting.
I will not forget them.
The journey is not over.
I have learned many things.
Now I must use them.
The next adventure begins...
Season 2: The Dinosaur World.
