The Wobbly Tower

LITTLE READERS

Ben builds a tower.
He starts with a thin block.

He adds more blocks.
The tower starts to lean.

Mia gets a red block.
The tower falls down.

Ben tries again.
He uses the same blocks.

The tower falls again.
Ben pushes the blocks away.

Mia sits by Ben.
She looks at the bottom.

The bottom block is thin.

Mia gets a wide block.

Ben puts it down.
It sits flat on the rug.

They add two blocks.
The bottom is wide now.

Ben adds a small block.
Mia keeps her hands close.

The tower stays up.
Ben adds one more block.

Mia finds a little flag.
Ben holds the tower steady.

They look at their tower.
It is taller than the bear.

Dad walks by.
Ben asks him to be careful.

Dad steps around
the tower.

The blocks all stay up.

Ben smiles at Mia.
Their new plan worked.
